I surrender and prostrate to you to get the blessings from all Gurus. You got inspiration from Mother Ganges (Bhagirathi) and you have the blessings of the Lord of Himalayas, Parameswar. You are the supreme person and I do Puja to you and also I lovingly call you Gurudev. Your continuous Gnana Yagna teaching leads us all to the correct path. You are fully blessed and loved by your Guru Tapovanam. Even Mother Earth is also happy and satisfied with you.

You are very tolerant; you have supreme power and knowledge. You are the Lord and I do Puja to you. After I got you my life is fulfilled.
